Our Ref. No.

SAKARWADI 7th July 1952

This is to certify that I know Shri M.C.Joshi since long when he joined the maharashtra Sugar Mills, Tilaknagar. He was working as a Chief Engineer there and I as a Farm Manager from 1936 to 1939. Afterwards he joined the Godavari Sugar Mills Ltd., Sakarwadi as a Chief Engineer and served there from 1939 to 1950 and resigned.

At both the places he worked as a successful Engineer. He made the erection of Laxmiwadi Sugar factory (our sister concern) which had the old machinery but put it to work efficiently. He has a natural gift of influencing and controlling the subordinates that are under him. He always works in co-operation with other departments to make the working very smoothly. These are the qualities combined with his hard working capacity by which he proved to be an efficient Engineer.

I wish him success in any enterprise which he undertakes.
